TYLÖHELO

TYLÖHELO JUBILEE SAUNA

2019 - a year of celebration!

This year, Tylö and Helo are celebrating 70 and 100 years in the sauna industry respectively. In order to celebrate our grand anniversaries, we are proud to introduce a limited-edition TylöHelo Jubilee Sauna.

The Jubilee Sauna is made with interiors of floating Panorama benches visible through glass corner, additional side glass and black Taika panel. The Tylö-Helo 170 emblem is clearly visible through the front.

Taika panels are made from Finnish birch plywood. The face of the panel is treated with substance that is commonly used in panels for sauna and ceilings. The beautiful surface of Taika is skin-friendly and helps create a pleasant sauna interior.

With floating benches in Aspen and walls dressed in black Taika panels, this will be a unique sauna that will definitely draw your attention!

The Jubilee Sauna is offered as a complete sauna package with either a Himalaya 105 BWT Elite or Sense Combi Elite 10 heater.

SPECIAL JUBILEE OFFER

Campaign Period: Oct. 1st 2019 - March 31st 2020
